SERVICE BULLETIN No. 19-05-25-4

Date released: 19 May 2025

Date effective: 19 May 2025

MANDATORY

SUBJECT:

Release of Updated Pilot Operating Handbook (POH) – Issue 2, Rev. 0

**AFFECTED AIRCRAFT SERIAL
NUMBER:**

From TXXXXXX035 up to TXXXXXX038

BACKGROUND:

The updated Pilot Operating Handbook – Issue 2, Rev. 0 has been developed to provide revised operational guidance, performance data, and procedural information for released models. It includes critical updates to aircraft weight and balance calculation, emergency procedures, and operating limitations. It provides essential information on equipment, operating procedures, performance, and recommended care. Pilots are encouraged to read it thoroughly and always keep it readily available for reference.

PURPOSE:

This bulletin is issued to announce the release of the updated Pilot Operating Handbook – Issue 2, Rev. 0 for all recently released models. This new handbook replaces all previous versions, which are no longer valid for use.
